

KOHANTAJ

Kohan Oil Remover 5

Concentrated oil remover for Polyester Pre-washing

Physical Properties

Chemical composition :A mixture of emulsifiers and surfactants

Appearance: Clear viscous liquid

Ionic structure: Nonionic

pH (25°C): 5

Active content: 60%

Density: 1.19

Solubility: Easily soluble in cold water at any ratio

Advantages

- Effective detergent for various kinds of oils, waxes, colorants, greases and other problematic residues in dyeing processes.
- **Kohan Oil Remover 5** is suitable for automation system by reducing the processing time in production line, it improves the final quality.

Application

Depending on the oils, waxes, greases, and colorants you can adjust the dosage to 0.5-2 g/L.

Packaging and Storage

- Available in 110 kg plastic drums.
- It can be stored in original containers at room temperature for 6 months
